

645 Brand Alfalfa

645 Brand Alfalfa: Introducing our 645 Brand Alfalfa – the ultimate choice for outstanding regrowth and versatility in both hay and haylage production. This alfalfa boasts an exceptional expression of multileaf growth, making it a top-performing option for the northern states and Canada. Our product has been tested and proven successful in various climates, including IA, MN, OH, and WI. With high persistence and winterhardiness ratings, our 645 Brand Alfalfa is built to thrive even in challenging conditions. It showcases remarkable resistance to a range of common threats, including anthracnose, aphanomyces root rot, bacterial wilt, fusarium wilt, phytophthora root rot, and verticillium wilt. This blend is your assurance of top-tier performance and durability in your forage crops.

Agronomic Characteristics/Ratings:
